**FRIDAY NECKLACE**  
"I often wear a simple dress and accessorize it with a big statement piece. I don't like overly busy and I always get the best accessories such as this beautiful choker."

**COLLEEN'S SANDALS**  
"These gold sandals are classy and comfortable, thanks to the High Arch technology inside the soles. They are perfect when I attend an event as I have to stand for long hours."

**DEWY JOHNSON OILS**

"I tend to wear dresses when I host events. I especially love the drapes of this one. It's a fine silhouetted and obviously the perfect combination."

**LORETTA LEMINA PERFUME**

"I feel that this fragrance is a reflection of my personality: a combination of little notes such as lavender and sweet almond such as strawberry."

**CHANEL'S TIMEPIECE**

"I always wear this watch. It's tough and classy and yet sporty, and a bit feminine with the tiny diamonds on the dial. White is my favorite colour and my lucky one."

*"I love black and white because it's a very elegant and timeless combination. It's also classy, bold and extreme—just like my personality."*

**COLLIER'S FUR**

"It's very warm and comfortable. I bought it as a present to myself for my birthday after directing the theatre version of Victor/Victoria. I was probably inspired by the '50s style of the production."

**PORTRAIT OF MING**

"I collaborated with jazz singer Lauri Fygi for Victor/Victoria and her teenage daughter made this portrait of my dog for me. It's one of the most treasured artworks I own."

**DAVID JONES SIXTON AND BOUTIQUE BAG SET**

"They're very practical yet whimsical. I love the design and it's a great conversation piece when I'm checking in for a flight."

**FRONZIES**

"Because I like to wear neckties, shirts and robes, I often get one of these scarves to them to make them more personal."
